

Hosted Enterprise UC/VoIP (CBTS)

Last Modified on 07/18/2021 11:36 pm EDT

Provider: [CBTS](#)

Hosted Enterprise Unified Communications platform (UCaaS) from CBTS is a secure and innovative solution that delivers productivity, scalability, flexibility, efficiency, and performance. By design the Hosted Enterprise UC platform provides members with differentiated collaboration solutions for users based on their roles, regardless of their location.

Key Benefits of This Agreement

This agreement provides many important benefits. Highlights include:

- Deeply discounted rates for UC users, common space, and room-based video
- Ability for Edge-connected members to further leverage their investment through dual diverse direct network-to-network interfaces (NNI) between the EdgeNet network and the CBTS hosted platform
