Transforming Learning Experiences Through Innovation and Purpose

Founded in 1999 and headquartered in Kitchener, Ontario, D2L is a global leader in learning technology dedicated to a single purpose: making learning better for everyone, regardless of age, ability, or location. Over more than 25 years, D2L has grown from a university startup into a company with operations across the United States, Canada, Europe, Australia, Brazil, and Singapore, serving over 1,300 institutions and more than 20 million learners in over 40 countries. In the United States, D2L's Brightspace platform is trusted by 570 universities and colleges, as well as a growing number of healthcare organizations, professional associations, and workforce training providers. With over 1,100 employees globally spanning technical development, customer success, implementation, and operations, D2L brings both the scale and the specialized expertise that higher education and healthcare institutions require.
