Overview

Shared Services

As a New Jersey state authorized Education Services Corporation, under New Jersey state procurement law, Edge is considered to be local unit. As a local unit, and in conformance with [NJ Rev Stat § 40A:65-4 \(2013\)](#), Edge may provide services directly to other local units as a "shared service", without the need to go through a competitive procurement process.

Edge provides a variety of shared services solutions that leverage the resources and know-how of the Edge team of business, networking and technology professionals.
