

EMRFQ-20-001 - PPE

Last Modified on 09/16/2020 4:23 pm EDT

Overview

On July 31, 2020, in an effort to help facilitate PPE acquisition by Edge members and EdgeMarket participants, EdgeMarket released a Request for Quote to gather pricing and availability information for Personal Protective Equipment.

We sent the RFQ to 15 pre-vetted providers, gleaned from the State's [PPEregistry](#). Eleven providers responded. The results are available below.

If desired, and at any time in the future, we may reissue the RFQ to a larger set of providers, incorporating any improvements we identify based upon the content and quality of these initial responses as well as input from the members.
