

Enterprise Content Management (GRM)

Last Modified on 07/19/2021 11:29 am EDT

Provider: [GRM](#)

GRM's VisualVault document management system enables entities to efficiently scan or upload documents, extract metadata with ICR and OCR technology, capture additional data with i-forms, and automate verification workflows, making document storage, retrieval, editing, sharing, and approval a breeze.

Key Benefits of This Agreement

This agreement provides many important benefits. Highlights include:

- Steeply discounted rates for department and enterprise document imaging, management, workflow, storage, and more.
