SHI TeCHS Catalog - Category Listing

A representative listing of the product groups and categories is shown below. Discounts vary by group and category. Related services are also available.

- If your institution has a private SHI catalog or an SHI punch-out or other integration with your institution's procurement system, please visit that for specific products and services available through SHI. Contact information for your institution's SHI representative should be readily available.

- Otherwise, visit **shi.com** to view the public-facing catalog[1] and then send an email to **njedu@shi.com** or call **888.764.8888** to speak with a sales representative. Reference " **EdgeMarket - TeCHS Full Catalog** " as the contract under which the products and discounts are offered.

[1]Due to the rapidly changing nature of technology products and services, the public-facing catalog may not be fully current at all times.
