Overview

HelioCampus

HelioCampus accelerates the path to financial sustainability by enabling institutional transformation and helping institutions deliver on their mission. With data from every corner of campus, HelioCampus provides strategic decision support and insights for institutions to drive student success and grow revenue, maximize returns of academic programs and manage costs & streamline operations through an enterprise analytics platform and ongoing services.

Originated within the University System of Maryland and the University of North Carolina at Chapel Hill, HelioCampus offers a unique perspective on using data to facilitate meaningful conversations that spur action, leading to greater institutional health and performance.
