How to Use

- See How to Use IT Professional Services Contracts

Category Description

The scope of services available under this category are as generally described using the language and intent stated in the related solicitation. Awardees in this category provided sufficient credentials, experience, and know-how in this category.

Solicitation Text

Provide professional services to migrate technology services in accordance with enterprise information systems architecture roadmap and/or blueprint.

Some examples of the needs are described below:

- Moving the Buying Entity's business (applications and data), email, and other services to a cloud computing environment from a legacy, on-premises IT infrastructure
- Migration from one cloud provider to another

- Enforcing stringent security measures
- Limiting access control
- Encryption of data
- Test migrated system for security loopholes or compliance gaps
- Design and implement backup and disaster recovery systems and processes
- Any additional services under this category not covered above.
