IT Pro - Tryfacta

Last Modified on 09/04/2026 6:53 pm EDT

Tryfacta, Inc.

Tryfacta is MBE certified firm in the State of New Jersey and has gained over 27 years of experience providing professional services to various government and commercial clients on diverse IT service categories. We offer strategic IT consulting services to assist organizations in aligning their technology initiatives with their business goals.

Our experienced consultants provide expert advice on IT strategy, digital transformation, cloud adoption, infrastructure optimization, and cybersecurity. We design, implement, and manage robust IT infrastructure solutions to ensure reliable and secure operations. Our expertise includes network design and implementation, server virtualization, storage solutions, data center management, and disaster recovery planning. We offer comprehensive managed IT services that encompass proactive monitoring, maintenance, and support of IT systems. Our offerings include help desk support, network monitoring, patch management, IT security, data backup, and performance optimization. We provide custom software development services to build tailored applications/ERPs and software solutions that address specific business needs.
