

Workforce Development and Continuing Education Platform (2024)

Last Modified on 04/20/2024 5:13 pm EDT

Overview

The EdgeMarket procurement, [269EMCPS-23-004](#), sought and yielded cloud-based Workforce Development and Continuing Education Platform solutions that facilitate and provide:

- Integrated information flow between all functions
- Efficient management of all connections among stakeholders
- Improve student experiences and address their needs with personalized digital engagement
- Tools to streamline and track student engagement
- Workflows to drive efficiency in the institution
- Management of complex non-degree and stackable offerings
- A registration experience that simplifies the student experience
- Curriculum development with an efficient creation process for new certificates, badges, and new courses and updating the institution's catalog through automated processes
- Real-time visibility into student performance
- Self-service personalized portals for each stakeholder group
- A platform that complies with industry: PCI-DSS, SOC-2, WCAG, FERPA, FIPPA, GDPR, CCPA

The goal is to provide Edge Members and Participants with a platform that focuses on cultivating and promoting capabilities and skills through the use of integrated programs that have a focus on long-term goals that impact both learners and employers.
