The Edge Affiliate Partner Program

As a mission-focused non-profit technology consortium, Edge is committed to serving the needs and advancing the interests of our members and their peers throughout the U.S. In keeping with its mission, Edge offers its fellow consortia, associations, RENs and other mission-minded, member-focused organizations the EdgeMarket Affiliate Partner Program as a means to expand services and grow revenues.

The Edge Affiliate Partner Program enables member institutions of Partner organizations to access Edge's comprehensive marketplace of educational technology vendors and contracts, while also providing access to Edge's internal nonprofit services in cybersecurity, organizational transformation, digital learning, and accessibility.

The EdgeMarket marketplace also generates revenues as our awarded master contracts are used, and Edge reinvests those revenues to create new services while keeping costs low for existing offerings. The Edge Affiliate Partner Program provides Partner organizations with a [share](#) of the revenues generated by their members' use of the EdgeMarket contracts.
