Coursedog Academic Operations Platform

Last Modified on 09/21/2025 10:53 pm EDT

Solution: Coursedog Academic Operations Platform

Provider: Coursedog, Inc.

Coursedog is the Academic Operations Platform, unifying how higher ed manages scheduling, curriculum, catalogs, assessment, and more.

Contract Highlights

Scope of award includes:

- **Academic Scheduling**
  - Deliver student centric schedules, offer the right courses at the right times to strengthen enrollment and retention.
- **Event Management**
  - Capitalize on your campus space, simplify event scheduling with real-time visibility of campus space usage.
- **Faculty Workload Management**
  - Make data-driven workload decisions, build balanced workloads that eliminate overage costs and faculty under-utilization
- **Course Demand Projections**
  - Unlock pathways to graduation, project the right number of course seats to accelerate student progression and optimize campus resources
- **Curriculum Management**
  - Repository for all courses and programs, drive meaningful curriculum change with ease and speed via digitized forms and workflows
- **Catalog Management**
  - Automatically publish curriculum changes to a public facing catalog, offer students a catalog that's easy to publish and even easier to navigate
- **Syllabus Management**
  - Empower faculty to create branded syllabi from form-driven templates, integrated with the LMS
- **Curriculum Analytics**
  - Proactive insights, clear the path to degree completion with curricular insights on student progression
- **Assessment Management**
  - Standardize assessment reporting and plans with integration with the LMS, set new standards for accreditation planning that drive better student outcomes
